

In re Appln. of Tanaka et al.
Attorney Docket No. 225525

REMARKS

Originally filed claims 19-25 were canceled in U.S. Patent Application No. 10/320,325 (which is the parent application of the instant divisional application) as drawn to a nonelected invention in response to a restriction requirement in that parent application. Claims 19-25 are pursued in the instant divisional application. No new matter has been added by way of these amendments.

The application is considered in good and proper form for allowance, and the Examiner is respectfully requested to pass this application to issue. If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,
